Optimal™

Skin Care System

Skin Care at the Cellular Level

A revolutionary new water-based skin care system formulated without paraben preservatives and made with naturally pure, mineral enhanced water, an innovative technology exclusive to Mannatech.

Clinically proven to nourish and refine the skin, Mannatech's Optimal Skin Care System produces almost immediate moisturization, hydration and skin radiance. You will be amazed at the results!

Aimed at improving the cellular health of the skin, think of these products as messengers to the skin, prompting it to perform at its optimal level with anti-aging results.

cleanse

Take off makeup and remove environmental irritants with **Cleaning Oil**. Eliminate excess dirt and oil trapped in your skin cells with the luxurious lather of **Face Cleaning Cream**, a proven skin smoother containing Bakuhan, a finely ground silica powder that gently polishes the skin as it washes

balance

Hydrate and balance your skin while shrinking pore size with our **Skin Lotion**.

nourish

Boost cell regeneration and increase moisture retention with **Skin Serum**. Made of an original blend of sweet almond seed and marine collagen, it helps restore the skin's elasticity and suppleness. Healthy cells equal healthy skin! Support your skin health from the inside as well with **Optimal Support Packets**, an advanced nutritional foundation formulated to help protect against nutritional deficiencies and the normal aging process.

replenish

Refine, soothe and brighten while protecting against daily environment damage with our lightweight **Skin Cream**. It works wonderfully under makeup to build a moisture cushion that gives your skin a healthy glow. Reduce the look of fine lines and puffiness around your eyes with **Eye Cream**, which contains powerful antioxidants and anti-inflammatory ingredients. The exclusive trehalose formula also helps to noticeably diminish dark circles.

soothe

Comfort dry, irritated skin with our **After Shave Milk**. This gentle blend of natural ingredients helps restore beneficial keratin with anti-inflammatory agents to reduce skin damage. Also a light moisturizer.

Did you know that there are two sides to your skin?

Nourish from the inside and outside

with the

Optimal Skin Care System.

Clinical testing of our Optimal Skin Care System™ products revealed incredible results*:

After one use:

- **80% improvement in hydration**

And after eight weeks:

- **100% improvement in hydration**
- **32% improvement in lines and wrinkles**
- **24% improvement in skin firmness and resiliency**
- **31% improvement in skin tone**
- **73% improvement in skin radiance**

*Clinical results from Stephens and Associates, Carrollton, Texas.
